Our Mission

Built upon a foundation of hope, Mary's Place by the Sea was created with the compassionate belief that women with cancer need a place to go to be surrounded by love & understanding.

Almost 15 years later, Mary's Place by the Sea continues to be a healing center for women with cancer from all over the nation.

Our home provides respite retreats, integrative services, nutritional support and educational resources at absolutely NO COST thanks to the generosity of our donor community.
